PUBLIC SERVICE ANNOUNCEMENT

ICE SAFETY TIPS FOR WINTER MONTHS:

During the winter months, the Zuni Game and Fish Department frequently receives calls regarding children playing on the frozen lakes in the community. While it is tempting to walk out onto the ice when the lakes are frozen, this can be very dangerous. Due to the change in temperature between the daytime and nighttime hours, the ice can become weak and unstable.

Please help keep our community safe by not allowing children to play on the frozen lakes and by reporting children out on the ice to the Zuni Police Dispatch at 505-782-4493 or 911. Your help in keeping our children safe is greatly appreciated.

MAKE THE CALL, SAVE A LIFE
